

How to take your measurements

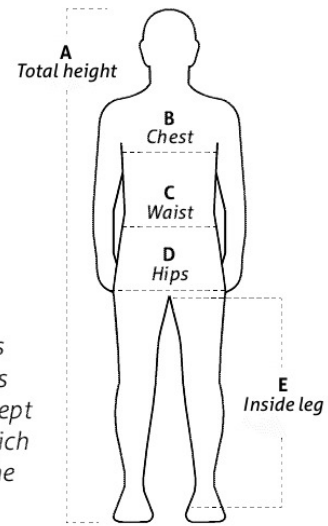

Starting from your own body size, compare to the tables to find the correct size. Choose the table matching your height (A).

The tables for women's garments only apply for garments for woman, otherwise, the tables for men apply. There are separate size tables for Acode.

Trousers

When buying trousers, measure A, C, D, E and for jackets, measure B (sizes XS-5XL). Measure A, B, D, E for coveralls and, depending on your height, choose regular, long or short in the tables.

All measurements given in the tables are body size, except the inside leg, which is equivalent to the garment's size.
